SHEPPARTON
MARCH 23-25, 2010

The 2010 Australasian Schools Cycling Cup Tour de France for Schools

Now in its 3rd year, the Australasian Schools Cycling Cup is a competitive cycling event for secondary school students offering the disciplines of road racing, time trialling, hill climbing, mtb cross country, mtb down hill and bmx.

The ASCC is an opportunity for experienced and novice cyclists to come along with their school to compete in a professional and dedicated major event. While the overall schools are awarded the prestigious Peter Bartels Perpetual Trophy, individuals can collect medals and jerseys in their individual disciplines.

The 2010 ASCC has formed an exciting partnership with the 2010 Road World Championships, whereby winning schools will be hosted in a VIP area for the World U23 Male Championship and meet Australian cycling stars.

For information visit www.schoolscyclingcup.com.au and register to receive our regular updates or email info@schoolscyclingcup.com.au. Full website live Monday, October 5.
