

## Inspired Orthotic Solutions

**144 Martin St Brighton, VIC 3186**

**(03) 9596 1944**

Inspired Orthotic Solutions was established in Brighton 15 years ago and has since provided more than 15,000 pairs of custom-made foot orthotics to patients from all over the country. The company is owned and directed by Jason Nichols, who completed his studies at La Trobe University and is a member of the Australian Orthotic and Prosthetic Association. He has continued involvement in professional development within Prosthetics and Orthotics to ensure the most up to date research, products and practices are being handed on to our patients.

Inspired Orthotic Solutions provides a variety of products and services to people of all ages and activity levels.

Some of the services available include:

- Biomechanical Gait Analysis
- Bike Set-ups to increase cycling efficiency and reduce injuries; product and componentry knowledge.
- Footwear Advice specific to your foot type and activity
- Foot Orthotics: Large range from pre-fabricated and customized to custom-made orthotics; orthotics specific for cycling, super slim orthotics for professional women, orthotics for children and other athletes. All orthotics are constructed on site allowing specific needs and requests to be catered for.
- Custom-bracing: knees/ankles/wrists/fingers; braces for support and proprioception and braces for immobilization.
